PROFESSIONAL SUMMARY

WordPress and web application developer with 4 years of professional experience across WordPress, WooCommerce, PHP, JavaScript, ReactJS, Shopify, MySQL, and REST APIs. Experience includes custom WordPress functionality, theme and plugin extensions, responsive interfaces, database troubleshooting, production debugging, Git-based collaboration, and Linux deployments. Comfortable working with cross-functional teams, translating requirements into maintainable features, and supporting delivery from implementation through release.

TECHNICAL SKILLS

Languages: PHP, JavaScript (ES6+), SQL, HTML5, CSS3, Liquid
WordPress & Commerce: WordPress, WooCommerce, theme customization, plugin extension, Shopify
Frontend: ReactJS, Redux, jQuery, responsive UI, Tailwind CSS, Bootstrap, Material UI, Ant Design
Backend & Data: REST APIs, AJAX, MySQL, database query optimization, application debugging
Tools & Delivery: Git, GitHub, Linux CLI, shell commands, Agile collaboration, deployment support
Additional: Laravel, GSAP, performance troubleshooting

PROFESSIONAL EXPERIENCE

Technostacks Infotech Private Limited — Software Developer Ahmedabad, India
Sep 2025 – Sep 2026

- Developed Shopify storefront functionality using Liquid for the Mood Fragrance e-commerce brand.
- Built modular web application features for Bernaly Tutor App, Accrels, and Synkrone, translating requirements into maintainable implementations.
- Extended existing functionality and supported maintainability improvements for the Ethnos website and proprietary Tidaj plugin.
- Investigated database and runtime issues affecting the Shubhlabh Consultancy platform and supported production stabilization.
- Collaborated across application, API, database, and Linux environments to troubleshoot and deliver web changes.

Centous Solutions — WordPress Developer Ahmedabad, India
Mar 2025 – Aug 2025

- Developed backend features and database integrations for SDGicity and TWG platform projects.
- Contributed WordPress theme integrations and WooCommerce enhancements to the Studds Revamp project.

TOPS Infosolutions Pvt. Ltd. — WordPress Developer Ahmedabad, India
Sep 2024 – Feb 2025

- Maintained internal web applications, focusing on database query performance, troubleshooting, and application stability.
- Worked with cross-functional Agile teammates on Bombix stability fixes and responsive interface updates.

Elsner Technology Pvt. Ltd. — ReactJS & WordPress Developer Ahmedabad, India
Jan 2022 – Aug 2024

- Developed responsive, component-based ReactJS interfaces for BMMI, Alosra, and BAM3 consumer platforms.
- Implemented modular interfaces using Redux, Material UI, Ant Design, and Styled Components.
- Built utility integrations including a Click to WhatsApp Chat API module and an offline credit-card processing component.
- Supported Linux deployments using shell commands, Git branching workflows, and codebase reviews; coordinated delivery milestones and client updates.
